## **Glass Fixing Installation Instructions**

Drill 13mm holes for bolt and plastic/rubber washer

Check dimensions carefully prior to drilling holes, each handle in our range is different.

Cut bolt to required lenght. Allow 30mm longer than the door thickness.

Screws stands together through door, including the plastic/rubber washers as shown in the drawing.

Place handle on stand, inserting the Ferrules into the stand.

Tighten Grub Screws.

Glass Fixing Kits with Rubber/Plastic parts are sold seperately

Rear Fixing Studs are availble when only one side requires a handle.
